Daffodil Days®

Give Daffodils. Give Hope.™

The daffodil is the first flower of spring and a symbol of hope.

Celebrating Daffodil Days is about much more than enjoying beautiful flowers; it's about sharing hope for a world free from cancer. Your contributions to the American Cancer Society Daffodil Days enable the Society to save more lives and create a world with more birthdays by helping people stay well, helping people get well, by finding cures and by fighting back against cancer.

Stay Well

Whether it's helping you quit smoking, providing information on what cancer screening tests are right for you, or through simple tips to live a healthier lifestyle, we turn what we know about cancer into what we do about it.

Get Well

The American Cancer Society saves lives by helping people get well by providing information to help make decisions or free services like transportation to and from cancer treatment or a free place to stay while receiving treatment far from home.

Find Cures

Whether it's discovering medications that help people live longer and better than ever, or pioneering and promoting the most promising cancer prevention or screening tests, we've been involved in nearly every major cancer breakthrough in the last century.

Fight Back

Whether it's passing smoke-free laws, increasing funding for cancer research, improving access to quality health care, or inspiring communities to take up the fight, we fight on all fronts, because the lessons we learn from one battlefield can mean victory on another.
